

COMBINATION REGISTER

INSTRUCTIONS AND SUGGESTIONS

I. Enter the names of all Beneficial members, grouping them in alphabetical order according to rates, and fill in all data called for under the different box headings, keeping Beneficial and Social members separate in all your accounts.

II. Enter the names of all Social members on special pages provided for "Account with Social Members." (Such pages will be found in this book immediately following the pages on which accounts with Beneficial members are kept.)

III. Names need be rewritten only once every three years, unless some change is made in amount of Benefit certificate.

Then such Neighbor's account should be transferred in this book to the rate group to which his new rate belongs.

The three insert fly leaves headed "BENEFIT FUND ASSESSMENTS AND CAMP DUES" provide for three years' business.

IV. Credit each Neighbor with the amount he pays by entering such amount under the assessment number for which he pays, unless the Neighbor, at the time, is in temporary suspension.

(a). When the Neighbor is in suspension at the time of such payment, and reinstates, BENEFIT ARREARS MUST BE COMBINED WITH THE AMOUNT PAID ON ASSESSMENT THEN CURRENT, and the total entered in the column for such current assessment. (See illustration below).

(b). Advance assessments must be distributed under the different "Assessment Numbers" upon which the payment applies.

To illustrate:

NAME	RATE	AMOUNT	JANUARY		FEBRUARY		MARCH		APRIL		MAY		JUNE		CHANGE IN AMOUNT OF INSURANCE		
			ASST. No. 1	CAMP DUES	ASST. No. 2	CAMP DUES	ASST. No. 3	CAMP DUES	ASST. No. 4	CAMP DUES	ASST. No. 5	CAMP DUES	ASST. No. 6	CAMP DUES	DATE	AMT.	NEW RATE
1 King, John	1.20	1000	1.20	.35	S	S	1.20	.35	1.20	.35	1.20	.35	1.20	.35	4/16	500	60
2 Roe, B. H.	2.00	2000	2.00	.35	S	S	2.00	.35	2.00	.35	2.00	.35	2.00	.35			

From the foregoing illustration, the Combination Register tells this story of the Clerk's transactions with Neighbor John King (line 1).

King was suspended on March 1, for nonpayment of Assessment No. 2, levied for February. In the column headed "Assessment No. 2," the Clerk so noted the suspension of King, using the letter "S" and let it be remembered, this entry (S) SHOULD NEVER BE ERASED. On March 12, King reinstated by paying Assessments Nos. 2, 3, dues, and advance Assessment No. 4, and the Clerk so credited him; and for his convenience, when making out Pass Report No. 5, when he must take King's reinstatement into account, the DATE OF REINSTATEMENT is inserted in the register.

Observe that both Assessments (Nos. 2 and 3) are entered in the No. 3 space, because both must be remitted to the Head Office on Pass Report No. 3.

On April 16, the amount of King's certificate was decreased from \$1000 to \$500, thereby decreasing his rate from \$1.20 to 60c. Assessment No. 4 was King's last liability at the \$1.20 rate, and the Clerk transferred King's account in his register to the 60c rate group on Assessment No. 5, reporting such decrease to the Head Office on that report.

The second case, that of B. H. Roe (line 2), is practically the same as to the manner of noting reinstatement from suspension, excepting that Roe did not reinstate in time to have his reinstatement reported on Pass Report No. 3, but remained in suspension until April 20 and was, therefore, in arrears two assessments (Nos. 2 and 3). Therefore, Assessments 2, 3 and 4 are bunched together in the No. 4 space, as \$6 will be remitted to the Head Office on Roe's account with Pass Report No. 4. UNDER NO CIRCUMSTANCES SHOULD A CLERK ENTER THE CAMP DUES IN SPACES PROVIDED FOR BENEFIT ASSESSMENTS.

This book provides space for the crediting of adoption fees, certificate fees, and special assessments on the page following the three inserted fly leaves. All such collections, of course, belong to the Camp's General fund.

If the above suggestions are followed, the Clerk will discover that this book serves not only as an accurate and reliable account between him and the individual members of his Camp, but, moreover, an account between him and the Head Office, as the sum of the totals of all the columns under any one assessment heading is, in addition to being the exact amount of Benefit fund he collected on that assessment, the total amount of Benefit fund (both current assessments and arrears) due the Head Office on the Pass report for that assessment.

It is next to impossible to provide in a book of this character for the contingencies that may possibly arise, but, under existing By-law provisions, this book will quite generally cover the ground and will be revised as important contingencies seem to demand. It is suggested that when a new register is required the Clerk order same written up at the Head Office. The charge for such work will be at the rate of one cent per name (extra charge for indexing).

In conclusion, every dollar of the Camp funds, Benefit or General, including all special funds, which are in reality a part of the Camp's General fund, coming into the hands of the Clerk, must by him be turned over to the Camp Banker. The law requires this to be done as often as each regular meeting of the Camp, but if a regular meeting should be skipped, the transfer should, nevertheless, be made, the same as though a meeting had been held. There is nothing to prevent the Clerk from paying over these moneys at more frequent intervals, if he chooses, but, as a general rule, such transfers should be made not less than twice each month.

Disbursement of funds can be made by the Banker only, on orders signed by both Clerk and Consul, by and with the authority of the Camp except where the provisions of the Head Camp By-laws make certain payments obligatory without a vote of the Camp, such as the remittance of Benefit fund and Per Capita under Call, etc. The LAW IN THIS RESPECT SHOULD BE OBSERVED.

Proper entry of Clerk's receipts, Clerk's disbursements to Camp Banker, and Banker's disbursements should be made in the account provided for that purpose on the last pages of this book and such accounts can be balanced at any time, even at a moment's notice.

Rock Island, Ill.

Head Clerk M. W. of A.

17-A
